

## ■ INDEX TO VOLUME 2

This index covers the issues for 1995, as follows: January (Number 1), pages 1-80; February (Number 2), pages 81-160; March (Number 3), pages 161-242; April (Number 4), pages 243-334; May (Number 5), pages 335-472; June (Number 6), pages 473-574; July (Number 7), pages 575-666; August (Number 8), pages 667-760; September (Number 9), pages 761-854 and A1-A6; October (Number 10), pages 855-944; November (Number 11), pages 945-1020; and December (Number 12), pages 1021-1140.

### SUBJECTS

Abdominal compression(s), in external CPR, optimal duty cycles for, 698  
 research models for (commentary), 669

Abdominal pain, in abdominal wall hematoma, 134  
 clinicopathological conference about, 934  
 ruptured splenic artery aneurysm in (letter), 663  
 ultrasonography for appendicitis evaluation, 644

Abdominal trauma, ultrasonography in, multiple- vs single-view, 581 (commentary), 575

Abdominal wall hematoma, in unusual location, 134

Abscess(es), subungual, and prosthetic joint infection (clinical pearls), 988

Abstract(s), Midwestern Regional Emergency Medicine Research Symposium, A1-A6 (Sept)

Society for Academic Emergency Medicine 1995 Annual Meeting, 338-472  
 (commentary), 335  
 (correction), 614

Abuse, *see also* Alcohol abuse; Drug abuse  
 of elderly, screening for (commentary), 667  
 of EM residents, extent of, 293

Academia-industry alliance, model for, 1007

Academic department(s) of emergency medicine, Macy Foundation Report follow-up, 1103

Academic emergency medicine, computerized literature searches in (letter), 157  
 growth of (commentary), 336  
 managed care impact on (letter), 941  
 Watercarriers in (SAEM presidential address), 1

Academic emergency physician(s), balancing quality manager/research roles of, 139

Academic health center(s), emergency/ambulatory care models in, 836; 920; 1001  
 managed care impact on (letter), 941

Academic physician, Jerry Mandell as model of, 746

Access to emergency care, Macy Foundation Report follow-up, 1103

Access to primary care, among smokers in ED, 165

Accident(s), *see* Bicycle collision(s); Motor vehicle collision(s); Poisoning

Acid, in alkali esophageal injury, 952 (commentary), 945

Acid injury(ies), esophageal, dilutional therapy in, 587

Acidosis, in fluid resuscitation for aortic injury hemorrhage, 89 (commentary), 81

with surfactant use in near drowning, 204

Activities of daily living, in elderly, ED screening of, 729

Acute myocardial infarction, *see* Myocardial infarction

Addiction(s), *see also* Alcohol abuse; Alcohol use; Drug abuse;

Smoking; Substance abuse; Nicotine dependence referral system for, in ED (commentary), 762

Administration, complaints about EMS system, 508  
 cost-effectiveness of point-of-care blood testing (commentary), 163

drug, *see* Drug administration  
 of EM residencies, moonlighting and, 302

Federal Emergency Management Agency activities (commentary), 1021  
 public health-individual rights conflicts in, 217  
 trauma triage guideline development (commentary), 1025  
 waiting time perceptions and patient satisfaction, 1057

Admission(s), *see under* Hospital(s); Medical school(s)

Admission serum chemistry panel(s), for trauma patients, utility of, 190

Adolescent(s), extremity radiograph interpretation agreement, 826

Adrenal suppression, with etomidate (letter), 72 (letter), 73

Advanced Cardiac Life Support drug(s), survival and, 264

Advanced life support, medical directors' training and responsibilities, 274

Advanced life support provider(s), allergic reaction management by, 592

Advice, giving, *see* Counseling

African-American(s), cardiac arrest rate in, 11

Age, as predictor of hospital admission, 863

Age factor(s), *see* Elderly; Pediatrics

Aged, *see* Elderly

Agglutination immunoassay, for cocaine in pregnancy, 795

Agonal respiration, in cardiac arrest out of hospital, 1053

Agreement, in radiograph interpretation for children's extremities, 826

AIDS, *see* HIV

Airway management, *see also* Endotracheal tube placement; Intubation; Ventilation  
 by EMS providers, 719

etomidate in (letter), 72  
 in Ludwig's angina (clinical pearls), 835

Alberta, Canada, emergency/ambulatory care system in, 1001

Albuterol, vs terbutaline, for out-of-hospital respiratory distress, 686

Alcohol abuse, referral system for, in ED (commentary), 762

Alcohol test(s), saliva, in ED (commentary), 762

Alcohol use, in bicycle collision patients, 200  
 head trauma with, cerebral injury markers in, 675  
 hypoglycemia from, 185  
 injury as predictor of reduction in, 817  
 in subcritically injured ED patients, 784

Algorithm(s), for blunt testicular trauma evaluation, 639

**Algorithm(s) (cont.)**

- cardiac arrhythmia database for testing of (7th Purdue Conference on Cardiac Defibrillation), 46
- for ectopic pregnancy diagnosis, 1090
- for pulseless electrical activity and bradycardia (commentary), 1023
- Alkali injury(ies), esophageal, acid in**, 952  
(commentary), 945
- Allen's test, modified, for hand circulation measurement**, 195
- Allergic reaction(s), EMS program to manage**, 592
- Alpha Omega Alpha Honor Medical Society (commentary)**, 856
- Ambulance(s), see Emergency medical services**
- Ambulatory care, ED triage to, ethics of (SAEM position statement)**, 988
- fast track, economics of, 739  
(commentary), 671
- Ambulatory/emergency care at academic health centers, models for**, 836; 920; 1001
- American Heart Association guidelines, for CPR, compliance with**, 708
- Amoxapine-induced status epilepticus, propofol for**, 128
- Analgesia, IM, in research (letter)**, 850  
(letter), 851
- nitrous oxide effect on pneumothorax, 287
- pediatric, practice patterns in (letter), 240  
(letter), 240
- for migraines, chlorpromazine vs metoclopramide, 597
- Anaphylaxis, EMS program for**, 592
- Anesthesia, etomidate for (letter)**, 72  
(letter), 73
- local, buffered diphenhydramine as, 884
- topical, in eye procedures, 144
- topical lidocaine to reduce infiltration pain, 104
- warming buffering lidocaine to reduce infiltration pain, 254
- Aneurysm(s), mycotic, in syncope diagnosis**, 934
- splenic artery, ruptured, diagnosis of (letter), 663
- Angina, see Chest pain; Ludwig's angina**
- Angioplasty, coronary, transport times for (letter)**, 568
- Animal model(s), for CPR research (commentary)**, 669
- Ankle radiography, decision rules for (commentary)**, 949
- Annual meeting, of Society for Academic Emergency Medicine (commentary)**, 336
- Anorectal trauma, from manual-anal intercourse (letter)**, 852
- Anthropometric determinants of impedance, in esophageal countershock (7th Purdue Conference on Cardiac Defibrillation)**, 63
- Antibiotics, for *Mycobacterium marinum* (clinical pearls)**, 919  
for prosthetic joint infection (clinical pearls), 988
- topical, in wound care, 4  
(commentary), 2
- Anticonvulsant(s), in refractory amoxapine-induced status epilepticus**, 128
- Antidepressants, cyclic, overdose of, status epilepticus from**, 128
- Antihistamine(s), buffered diphenhydramine as local anesthetic**, 884
- Antihypertensive(s), fenoldopam vs nitroprusside as**, 959
- Antimicrobial agent(s), see Antibiotics**
- Aorta, proximal, drug delivery routes to, in CPR**, 1027
- Aortic injury(ies), fluid resuscitation regimens in**, 89
- Apnea, in sudden infant death syndrome**, 926; 996
- Apparent life-threatening event(s), in sudden infant death syndrome**, 1077
- Appendicitis, ultrasonography in evaluation for**, 644
- Applanation tonometry, technique for**, 224
- Aquatic infection, with *Mycobacterium marinum* (clinical pearls)**, 919
- Arachnidism (clinical pearls)**, 223
- Archetype(s), physician transformation from Hero to Lover**, 845
- Arm(s), rash on (clinical pearls)**, 919
- Arrhythmia(s), see also individual irregularities**
- complete heart block in young man, 751
- database of ECGs (7th Purdue Conference on Cardiac Defibrillation), 46
- ECG telemetry in (commentary)**, 246
- esophageal countershock in, determinants of impedance in (7th Purdue Conference on Cardiac Defibrillation), 63
- interpretation of, in volunteer EMS system, 280
- Arterial blood gas(es), vs capnography**, 901
- in right lung ventilation, 889  
(commentary), 861
- with surfactant use in near drowning, 204
- Arterial flow, in hand, noninvasive measurement of**, 195
- Article(s), see Journal article(s)**
- Asphyxial cardiac arrest, atropine dose in**, 1034  
(commentary), 1023
- Aspiration, surfactant use in**, 204
- Assault(s), transport of patients by nonmedical personnel**, 486  
weapons-related, in ED, 151
- Assault weapon(s), see Weapon(s)**
- Assay(s), see also Immunoassay(s)**
- digoxin, immunoreactive substances and, 322
- Asthma, childhood, acute, ipratropium bromide in**, 651
- pulsus paradoxus noninvasive monitoring in, 894
- terbutaline vs albuterol for respiratory distress, 686
- Asystole, in database of cardiac arrhythmias (7th Purdue Conference on Cardiac Defibrillation)**, 46
- Atrial arrhythmia(s), esophageal countershock in, determinants of impedance in (7th Purdue Conference on Cardiac Defibrillation)**, 63
- Atrioventricular block(s), complete, in young man, case conference on**, 751
- Atropine, dose of, in pulseless electrical activity**, 1034  
in pulseless electrical activity algorithm (commentary), 1023
- Attrition, of EM residency directors**, 914  
in EM, physicians' self-projections of, 556
- Audio prompt(s), for CPR compression/ventilation rates**, 708
- Australian Capital Territory Injury Surveillance and Prevention Project**, 529
- Autoimmune disease(s), stiff-man syndrome, diagnosis of**, 735
- Automobile collision(s), see Motor vehicle collision(s)**
- Bacitracin zinc ointment, for wound care**, 4
- Back board(s), padded, cervical spine immobilization and**, 725
- Back pain, low, as stiff-man syndrome**, 735
- Bag-valve device(s), pneumoperitoneum from (letter)**, 944  
vs transport ventilators, 719
- Basic life support provider(s), allergic reaction management by**, 592
- Baxt trauma triage rule, accuracy of, in blunt trauma**, 1043  
(commentary), 1025
- Bedside blood testing, see Point-of-care blood testing**
- Bedside clinical skill(s), of EM residents, observation of**, 909
- Bedside fluoroscopy, for foreign-body detection**, 979
- Behavior modification, in alcohol use, injury events in**, 817  
in alcohol use, by subcritically injured, 784
- Behavioral theory, for sudden infant death syndrome**, 996
- Benzoyllegonine, rapid screen for, in pregnancy**, 795
- Bereavement, of family in out-of-hospital death**, 513
- Beta-human chorionic gonadotropin, in ectopic pregnancy diagnosis**, 1081; 1090
- Bias, see Ethnic discrimination; Gender bias**
- Bicycle collision(s), injuries from**, 200
- Bi-level positive airway pressure support system, in congestive heart failure**, 714
- Biochemical marker(s), of cerebral injury in head trauma with ethanol intoxication**, 675
- Biomechanics, of tissue glue for lacerations**, 259

Bite(s), human (clinical pearls), 41  
 Loxosceles spider (clinical pearls), 223

Black(s), cardiac arrest rate in, 11

Bleeding, *see* Hemorrhage

Blood administration, *see also* Blood transfusion(s)  
 vs crystalloid, in resuscitation for shock (letter), 665  
 in aortic injury hemorrhage, regimens for, 89

Blood analyzer(s), portable, cost-effectiveness of (commentary), 163  
 portable, patient care effects of, 172

Blood flow, *see* Circulation

Blood gas(es), *see* Arterial blood gas(es)

Blood pressure(s), *see also* Hemodynamics; Hypertension; Hypotension  
 in fluid resuscitation in aortic injury hemorrhage, 89  
 as predictor of hospital admission, 863  
 pulsus paradoxus noninvasive monitoring, 894  
 systolic, orthostatic, in hyperemesis gravidarum, 692  
 in trauma triage rule, 1043

Blood testing, point-of-care, cost-effectiveness of (commentary), 163  
 with portable clinical analyzer, 172

Blood transfusion(s), in acute hemorrhage, acidosis and (commentary), 81  
 intraosseous, in pediatric hemorrhage, 799

Blunt trauma, testicular, evaluation algorithm for, 639  
 triage rule accuracy in, 1043

Body temperature measurement, infrared tympanic membrane, 17

Bone marrow, blood transfusion via, in pediatric hemorrhage, 799

Book review(s), 232; 566; 848; 1013

Boston, emergency/ambulatory care model in, 1001

Bradycardia, as predictor of hospital admission, 863  
 and pulseless electrical activity, atropine for (commentary), 1023  
 and pulseless electrical activity, atropine dose in, 1034  
 in young man, case conference on, 751

Brain injury(ies), *see also* Head injury(ies)  
 from bicycle collisions, 200  
 catheter-assisted intubation in (letter), 238  
 (letter), 239  
 in ethanol intoxication with head trauma, markers for, 675

Brainstem pathology, in sudden infant death syndrome, 920; 996

Break-even analysis, of a fast-track program, 739

Breathing device(s), *see* Bag-valve device(s); Endotracheal tube(s); Ventilation

Brown recluse spider(s), bite from (clinical pearls), 223

Buffering, of diphenhydramine, infiltration pain and, 884  
 of lidocaine, and topical lidocaine to reduce infiltration pain, 104  
 of lidocaine, infiltration pain and, 254

Burn(s), caustic, *see* Caustic burn(s)

Burnout, in EM, 556

Butyl-2-cyanoacrylate, for laceration repair, 261

Bystander CPR, *see under* Cardiopulmonary resuscitation

Canada, emergency/ambulatory care system in, 1001

Capitated program(s), cause-of-injury data capture and (commentary), 83

Capnography, vs arterial CO<sub>2</sub> tension determination, 901  
 colorimetric end-tidal CO<sub>2</sub> detector for, 499

Capture of data, *see* Data collection

Car crash(es), *see* Motor vehicle collision(s)

Carbon dioxide, end-tidal, *see* End-tidal carbon dioxide

Cardiac arrest, bag-valve device vs transport ventilator in, 719  
 colorimetric end-tidal CO<sub>2</sub> detector in tube placement, 499

CPR in, *see* Cardiopulmonary resuscitation  
 drug delivery routes and flush volumes in, 1027  
 low-income status and, 11  
 lung compliance after, 874  
 (commentary), 855

(correction), 1115

pulseless electrical activity algorithm (commentary), 1023  
 spontaneous agonal respiration in, 1053  
 survival in, drug therapy and, 264

Cardiac arrhythmia(s), database of ECGs (7th Purdue Conference on Cardiac Defibrillation), 46

Cardiac defibrillation, 7th Purdue Conference proceedings, 46-68

Cardiac ischemia, after cocaine-associated chest pain, 179  
 ST-segment elevation in cocaine-associated chest pain (letter), 331  
 (letter), 332

Cardiac output, CPR compression rates and (commentary), 673

Cardiac pacing, for complete heart block in young man, 751

Cardiac rhythm(s), in bystander vs EMS CPR, 494  
 ECG telemetry in interpretation of (commentary), 246  
 interpretation of, in volunteer EMS system, 280

Cardiopulmonary resuscitation, audible tone guidance for, 708  
 bystander, cardiac arrest survival and (letter), 74  
 bystander vs EMS, outcomes of, 494  
 (commentary), 474  
 compression rates in (commentary), 673  
 drug delivery routes in, flush volume and, 1027  
 drug therapy and survival in, 264  
 duty cycles for compressions in, 698  
 instruction in, in low-income areas, 11  
 lung compliance after, 874  
 (commentary), 855  
 (correction), 1115  
 pneumoperitoneum from (letter), 944  
 in pulseless electrical activity, 1034  
 (commentary), 1023  
 related publications on (letter), 156  
 research models for (commentary), 669  
 spontaneous agonal respiration and, 1053

Cardiorespiratory control, as sudden infant death syndrome cause, 996

Cardiovascular disease, *see* Coronary artery disease

Care, quality of, *see* Patient care; Quality of care

Career choice(s), childhood archetypes and, 845  
 EM club effect on (letter), 155

Career longevity, emergency physicians' projections of, 556

Career problem(s), of EM residency directors, 914

Case-based emergency medicine curriculum(s), for senior medical students, 519

Case conference(s), of complete heart block in young man, 751

Case finding, *see* Screening

Catecholamine(s), as cerebral injury markers in ethanol intoxication with head trauma, 675

Catheter-assisted nasotracheal intubation, contraindications to (letter), 238  
 vs rapid-sequence (letter), 239

Catheterization, central venous vs peripheral, in CPR, 1027

Catheterization laboratory(ies), transport times to (letter), 568

Cation exchange resin(s), sodium polystyrene sulfonate for lithium poisoning, 681

Cause-of-injury code(s), *see* E-code(s)

Cause-of-injury data, capture of, 98  
 (commentary), 83

Caustic burn(s), esophageal, acid neutralization of, 952  
 (commentary), 945  
 esophageal, dilutional therapy for acid injury, 587

Cellulitis, after dental surgery (clinical pearls), 835  
 facial (clinical pearls), 320

Central venous catheterization, in CPR, 1027  
 by EM residents, observation of, 909

Cerebral injury(ies), in ethanol intoxication with head trauma, markers of, 675

Cerebrovascular accident(s), in pediatric head trauma, 523  
Certification, pediatric emergency medicine fellowships (letter), 665  
  physician, Macy Foundation Report follow-up on, 1103  
Cerumen occlusion, and infrared tympanic membrane thermometry, 17  
Cervical spine, dislocation from seat belt misuse, 38  
  (correction), 301  
immobilization of, padded spine board and, 725  
radiographs of, using lead-lined filter, 610  
fracture of, occult, in elderly, 634  
Cesarean section(s), perimortem, recommendations for, 1063  
Chart(s), *see* Medical record(s)  
Charting, cause-of-injury data collection (commentary), 83  
  as quality of care indicator (commentary), 84  
Chemical injury(ies), *see* Caustic burn(s)  
Chemistry, *see also* Laboratory testing  
Chemistry panel(s), admission, for trauma patients, 190  
Chest compression(s), in CPR, audible tone guidance for, 708  
  in external CPR, optimal duty cycles for, 698  
high-impulse, research models for (commentary), 669  
rates of, in CPR (commentary), 673  
Chest pain, cocaine-associated, mortality and myocardial infarction  
  after, 179  
  cocaine-associated, ST-segment elevation in (letter), 331  
  (letter), 332  
  cocaine-associated, tobacco use and (letter), 238  
  gender bias in evaluation for, 115  
  (commentary), 84  
Child(ren), *see* Pediatrics  
Childhood(s), archetypes in, physician career choice and, 845  
Chlorpromazine, for migraines, 597  
Chronic obstructive pulmonary disease, terbutaline vs albuterol for  
  respiratory distress, 686  
Cigarette smoking, *see* Smoking  
Circulation, acidosis in acute hemorrhage (commentary), 81  
  electronic model of, 698  
  to hand, noninvasive measurement of, 195  
Clenched-fist injury (clinical pearls), 41  
Clerkship(s), case-based EM curriculum for, 519  
Clinic(s), ED interdependence with, 920  
Clinical competence, of EM residents, observation of, 909  
  (commentary), 86  
Clinical decision rule(s), *see* Decision rule(s)  
Clinical diagnosis(es), of ectopic pregnancy, 1081  
  EM residency deficiency in (commentary), 576  
  (commentary), 578  
Clinical diagnostic skill(s), of residents, 622  
Clinical forensic medicine, in EM practice (letter), 757  
Clinical investigation, *see* Research  
Clinical pearls, bite to leg, 223  
  facial swelling and fever, 320  
  fever and neck pain, 835  
  finger pain, 988  
  hand and arm rash, 919  
  hand laceration and swelling, 41  
  pediatric vaginal bleeding, 527  
Clinical procedure(s), teaching model for corneal foreign body re-  
  moval, 831  
Clinical skill assessment, of EM residents (commentary), 86  
Clinical time, *see* Work hour(s)  
Clinical trial(s), *see* Research  
Clinicopathological conference, on syncope, 934  
Closed-fist injury (clinical pearls), 41  
Club(s), EM, student elective enrollment and (letter), 155  
Cocaine, rapid screen for, in pregnancy, 795  
Cocaine-associated chest pain, *see under* Chest pain  
Cocaine use, and syphilis screening in inner-city ED, 765  
Coding of medical records, *see* E-code(s)  
Cognitive function, EM resident evaluation in (commentary), 86  
Cognitive impairment, in elderly, ED screening of, 729  
Cola, in alkali esophageal injury, 952  
  (commentary), 945  
Collection rate(s), fast-track break-even point and, 739  
Collision(s), *see* Bicycle collision(s); Motor vehicle collision(s)  
Colloid(s), *see also* Blood administration  
  vs crystalloid, in resuscitation for shock (letter), 665  
Colon injury(ies), from manual-anal intercourse (letter), 852  
Colorimetric end-tidal CO<sub>2</sub> detector, 499  
Combative patient(s), catheter-assisted intubation in (letter), 238  
  (letter), 239  
Communication(s), *see* Counseling; History taking; Interview(s);  
  Physician-patient communication(s); Resident-patient communication(s)  
Community clinic(s), ED interdependence with, 920  
Community liaison(s), for referral to primary care, models for, 836  
Community model(s), for CPR research (commentary), 669  
Compartment syndrome, from *Vibrio vulnificus* (letter), 1017  
Competence, clinical, of EM residents, observation of, 909  
  (commentary), 86  
Complaint(s), about urban EMS system, 508  
Compliance, lung, *see* Lung compliance  
  public health vs individual rights in, 217  
Compression(s), *see* Abdominal compression(s); Chest compression(s)  
Computed tomography, cranial, selection criteria for, 248  
Computer(s), *see* Informatics  
Computer software review, 567  
Conflict of interest, in industry-sponsored trials, 43  
Congestive heart failure, bi-level positive airway pressure support  
  system in, 714  
Conscious sedation, *see under* Sedation  
Consolidated Omnibus Budget Reconciliation Act, triage ethics and  
  (SAEM position statement), 988  
Contact lens(es), removal of, 224  
Contagious disease(s), *see* Infectious disease(s)  
Continuing medical education, Society for Academic Emergency  
  Medicine annual meeting as (commentary), 336  
Continuous quality improvement, *see also* Quality  
  of transport of patients refusing care, 480  
  of triage-to-thrombolytic intervals, 603  
  (commentary), 579  
Conversion disorder, presentation of patients with, 120  
Corneal foreign body removal, model for, 831  
Corneal injury(ies), fluorescein examination for, 224  
Coronary angioplasty, transport times for (letter), 568  
Coronary artery disease, cocaine and tobacco use in, 238  
  after cocaine-associated chest pain, 179  
  gender bias in evaluation for, 115  
  ST-segment elevation in cocaine-associated chest pain (letter), 332  
Coronary catheterization laboratory(ies), transport times to (letter), 568  
Coronary perfusion pressure(s), in pulseless electrical activity and  
  resuscitation, 1034  
Cosmesis, in laceration repair, short- vs long-term, 983  
Cost(s), of emergency care, triage ethics and (SAEM position statement), 988  
  motorcycle helmet use and (annotated bibliography), 552  
Cost analysis, in EM (commentary), 671  
Cost-benefit, of admission serum chemistry panels in trauma pa-  
  tients, 190  
  of coronary angioplasty (letter), 568  
Cost containment, quality research and, 139

Cost-effectiveness, in health care reform (commentary), 949  
of point-of-care blood testing (commentary), 163

Counseling, about alcohol/drug abuse, in ED (commentary), 762  
about alcohol reduction, injury events in, 817  
smoking cessation, in ED, 165  
(commentary), 161  
smoking cessation, emergency physicians' training and practice in, 211

Counselor(s), for referral to primary care, models for, 836

Countershock(s), esophageal, impedance for, determinants of (7th Purdue Conference on Cardiac Defibrillation), 63  
strength-duration relationship of, for refractory period extension (7th Purdue Conference on Cardiac Defibrillation), 57  
strength requirement of, epicardial patch electrode position and (7th Purdue Conference on Cardiac Defibrillation), 50

CPR, *see* Cardiopulmonary resuscitation

Cranial computed tomography, selection criteria for, 248

Cranial injury(ies), *see also* Head injury(ies)  
from bicycle collisions, 200  
in ethanol intoxication with head trauma, markers of, 675

Crash(es), *see* Bicycle collision(s); Motor vehicle collision(s)

Crazy glue, *see* Cyanoacrylate adhesive

Creatine kinase-BB, in ethanol intoxication with head trauma, 675

Credentialing, *see* Certification

Critical reading skill(s), journal club for (letter), 570

Critical serum chemistry value(s), in trauma patients, 190  
(commentary), 163

Crystalloid, vs colloid, in resuscitation for shock (letter), 665

Culdocentesis, for ectopic pregnancy diagnosis, 1090

Curettage, for ectopic pregnancy diagnosis, 1090

Curriculum(a), disaster medicine in, 1068  
EM, case-based, for senior medical students, 519

EMS in, for EM residencies (letter), 1109  
for pediatric emergency medicine fellowships (letter), 665  
for resident orientation programs, 25
